

Healthy living with purity

PURE WATER
PURE FOOD
PURE AIR

A Promise of healthy living

True wellbeing begins with purity in life's most essential elements, the water we drink, the air we breathe, and the food we prepare everyday. This belief guides everything we do. It inspires us to create thoughtful solutions that bring purity closer to where it matters most, inside our homes and around the people we care about. Because a home built on purity supports a stronger, healthier life. And that's why, from the House of Purity, we bring you a promise of healthier living for you and your loved ones.

A Legacy of trust

A promise of purity

For over 25 years, KENT has been a quiet presence in Indian homes in every glass of water poured, every meal lovingly prepared, and every moment shared with your loved ones at home. A presence trusted by families to keep themselves healthy and safe.

Over the years, generations of families have chosen KENT not just for its technology, but for the confidence and peace of mind it brings to everyday living.

That's why across the country, when someone asks for a KENT appliance, they ask for it by name. Because every product from the House of KENT stands for one enduring promise protecting the health of the families who trust it.

India's
most
advanced RO
water purifiers

Drink pure^{for} healthy living

Water is the essence of life and the foundation of our well-being. However, the presence of heavy metals and other contaminants is rapidly deteriorating water quality, posing serious long-term health risks. Contamination from pipelines and storage tanks further increases this danger, making effective purification essential to prevent waterborne diseases.

In such conditions, millions of families trust one brand KENT. KENT water purifiers use advanced technology to remove harmful impurities, bacteria, and viruses while retaining essential minerals. With BIS and NSF certifications, KENT ensures safe and healthy drinking water.

Trusted by Millions for 25 Years

KENT[®] TECHNOLOGY RO+UV+UF+TDS Controller

MULTIPLE PURIFICATION PROCESS FOR 100% PURE WATER

Makes water 100% pure by killing bacteria & viruses as well as removing dissolved impurities such as arsenic, rust, pesticides, & fluorides.

DISPLAY OF PURITY & MINERALS

The digital screen monitors filter life, RO flow, tank and mineral capacity, RO pump, power, auto-flushing, and flags technical issues instantly.

UV LIGHT KEEPS PURIFIED WATER PURE IN STORAGE TANK

KEEPING PURIFIED WATER PURE

UV LED light disinfection in the storage tank.

HIGH QUALITY SALES & SERVICE

Only brand to offer 1 year warranty + 3 years extended FREE service, along with a pan India prompt service network.

IoT POWERED SMART MONITORING

- Experience next-gen convenience with built in IoT intelligence
- Real-time display of water quality and filter life through the mobile app
- Automatic service call registration in case of major faults
- Timely notifications before filter/membrane life runs out
- Complete service and parts replacement history available at a glance

RETAINS ESSENTIAL MINERALS

KENT'S MINERAL CONTROL

Retains essential natural minerals in purified water.

HIGHEST QUALITY CERTIFICATIONS

KENT's Water Purifiers have been tested & certified by the world's best laboratories and been awarded NSF in USA & BIS (ISI) certificate in India.

MILLION'S TRUST

India's most trusted* RO water purifier is used & trusted by over 1+ Cr people.

KENT SAPPHIRE IoT

IoT Enabled Most Advanced RO Water Purifier

MAKES WATER 100% PURE

KENT SAPPHIRE IoT

ADVANTAGES OF IoT TECHNOLOGY

Real-time display of water quality and filter life. Automatic service call registration in case of major faults & timely notifications of filter/membrane life. Service and parts replacement history available.

FEATURES

- Digital display of purity, minerals & filter life
- Makes alkaline water (8.0+ pH) and infused with goodness of copper
- High purification rate of 20L/hr
- 8L purified water tank

Purification by:

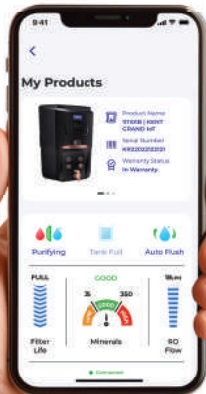

RO+UF+UV+Alkaline+Active Copper+TDS Control+UV in Tank

Best Suited for Wall Mounting

KENT GRAND IoT

IoT powered RO water purifier with goodness of active copper & alkaline

Best Suited for Wall Mounting

ADVANTAGES OF IoT TECHNOLOGY

Real-time display of water quality and filter life.

Automatic service call registration in case of major faults & timely notifications of filter/membrane life.

Service and parts replacement history available.

FEATURES

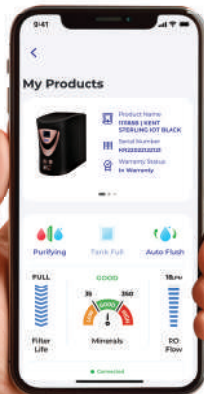

- Digital display of purity, minerals & filter life
- Makes alkaline water (8.0+ pH) & infused with goodness of Copper
- High purification rate of 20L/hr
- 8L purified water tank

Purification by:

RO+UF+UV+Alkaline+Active Copper
+TDS Control+UV in Tank

KENT STERLING IoT

IoT powered under-the-counter
RO water purifier with built-in
hydrostatic tank

ADVANTAGES OF IoT TECHNOLOGY

Real-time display of water quality and filter life.

Automatic service call registration in case of major faults & timely notifications of filter/membrane life.

Service and parts replacement history available.

FEATURES

- Digital display of purity, minerals & filter life
- Makes alkaline water (8.0+ pH) & infused with goodness of copper
- 6L purified water hydrostatic tank

Purification by:

RO+UF+UV+Alkaline+Active Copper
+TDS Control

Best Suited for Under-the-Counter
Installation in Modular Kitchens

KENT PEARL IoT

IoT powered RO water purifier
with transparent detachable tank

Best Suited for Wall Mounting

ADVANTAGES OF IoT TECHNOLOGY

Real-time display of water quality and filter life.
Automatic service call registration in case of major faults & timely notifications of filter/membrane life.
Service and parts replacement history available.

FEATURES

- Digital display of purity, minerals & filter life
- Makes alkaline water (8.0+ ph) & infused with goodness of copper
- Transparent detachable tank
- High purification rate of 20L/hr
- 11L purified water tank

Purification by:

RO+UF+UV+Alkaline+Active Copper
+TDS Control

KENT SAPHIRE

RO water purifier with goodness of active copper and alkaline

Best Suited for Wall Mounting

FEATURES

- Makes alkaline water (8.0+ pH) & infused with goodness of Copper
- Retains essential minerals and makes water healthy
- High purification rate of 20L/hr
- 8L purified water tank

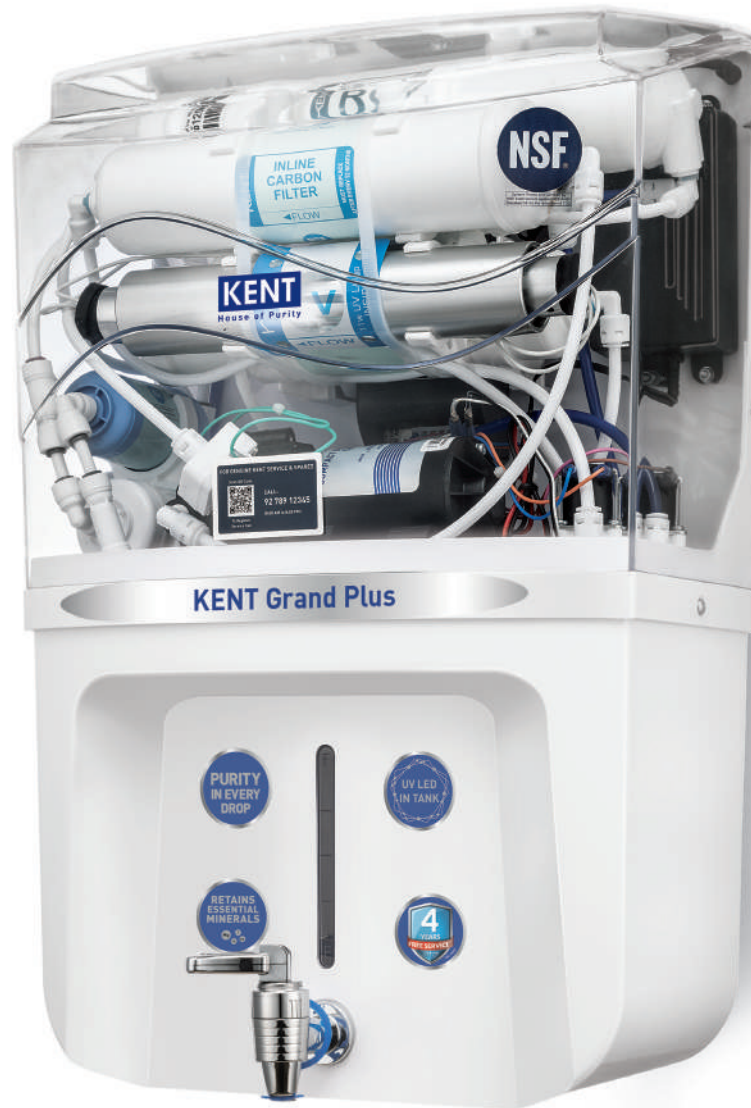

Purification by:

RO+UF+UV+Alkaline+Active Copper
+TDS Control+UV in Tank

KENT GRAND PLUS

The most trusted & largest
selling RO water purifier

Best Suited for Wall Mounting

FEATURES

- Continuous purification of Water in Tank
- Retains essential minerals and makes water healthy
- High purification rate of 20L/hr
- 9L purified water tank

Purification by:

RO+UF+UV+TDS Control+UV in Tank

KENT ELEGANT

RO water purifier with
compact design

Best Suited for Wall Mounting

FEATURES

- Retains essential minerals and makes water healthy
- High purification rate of 20L/hr
- 8L purified water tank

Purification by:

RO+UF+TDS Control

KENT EXCELL PLUS

Under-the-counter RO water purifier

FEATURES

- Retains essential minerals and makes water healthy
- High purification rate of 20L/hr
- 7L purified water hydrostatic tank

Purification by:

RO+UF+UV+TDS Control

Best Suited for Under-the-Counter
Installation in Modular Kitchens

KENT commercial water purifiers

Most offices and public places serve water stored in plastic jars and gets considered as pure drinking water. While the quality of such water may be questionable. It also generates plastic waste that's harmful for our environment.

With KENT's Next-Gen Commercial Water Purifiers, with in-built RO Purification, all these problems can now be addressed at once. Designed to cater to larger number of people, they come with high purification capacity from 40L/hr to 100L/hr. These purifiers also come with a condenser that makes chilled and purified water available at all times.

KENT PERK STAR

Ambient, hot & cold water dispenser with in-built RO purifier and digital display

Best Suited for Offices

FEATURES

- Experience the convenience of drinking pure water with the smart LED control panel- choose hot, cold or ambient water instantly
- Digital display of purity, filter life & dispensing water temperature
- Durable stainless steel body designed for long-lasting performance
- High purification rate of up to 40L/hr
- 22L pure water storage capacity: 12L of ambient water, 8L of cold water and 2L of hot water

Purification by:

RO+UF+TDS Control+UV in Tank

KENT PERK

Chiller-cum-water dispenser

Best Suited for Offices

FEATURES

- Chiller with high capacity chilled water storage tank
- Elegant looks
- ABS front cover and stainless steel body
- High purification capacity of 40L/hr
- 20L storage capacity

Purification by:

RO+UF+TDS Control

KENT ELITE PLUS

Commercial RO
water purifier

Best Suited for Installation
with Water Coolers

FEATURES

- Retains essential minerals and makes water healthy
- ABS construction for corrosion free operation and long life
- High purification capacity of 50 L/hr

Purification by:

RO+UF+UV+TDS Control

KENT ELITE 2 PLUS

Commercial RO
water purifier

Best Suited for Installation
with Water Coolers

FEATURES

- Retains essential minerals and makes water healthy
- Stainless steel construction for corrosion free lifespan
- High purification rate of 100L/hr

Purification by:

RO+UF+UV+TDS Control

KENT NECTAR

Makes Pure RO Water to
Hydrogen Rich + Alkaline Water

HYDROGEN-RICH WATER HAS FOLLOWING BENEFITS

- Rich in antioxidants to boost immunity and energy
- Supports anti-aging for healthier, glowing skin
- It is anti-inflammatory which helps keep lifestyle diseases under check like obesity, diabetes etc.

ALKALINE WATER HAS FOLLOWING BENEFITS

- Increase the pH level of your RO water from 8 to 9.5
- Smoothens Gastrointestinal Functions
- Enhances Metabolism

FEATURES

- Alkaline pH enhancement from 8 to 9.5 for balanced hydration
- Negative ORP technology for healthier, safer water
- Digital touch display with real-time H₂ and pH levels
- 2L detachable transparent tank for easy cleaning and storage

drinking water

KENT UV water purifiers with next-gen UV technology

Double purification with UV + UF disinfection can do what conventional UV purifiers can't. Water with TDS levels up to 150mg/litre may require disinfection from bacteria and viruses. In such case, inline UV purification combined with UF purification helps to remove bacteria and viruses.

KENT MAXX

UV + UF purifier
with storage

Best Suited for Low
TDS Water

FEATURES

- Strong 11W UV lamp
- Double purification by UF+UV
- Transparent, detachable tank for easy on-site cleaning
- LED indicators for power on and purification process on display
- Best suited for low TDS water
- High purification capacity of 60L/hr (1L/min)
- Purified water storage tank with 7L capacity

Purification by:

UF+UV

KENT gravity water purifiers

KENT believes in every individual's right to health. And it's this conviction that inspires us to make pure water available for all.

People staying in rural areas are often the ones most affected by contaminated water, and to make matters worse, many villagers still don't have access to electricity. Non-electric water purifiers come as a perfect solution to fight water contamination. KENT has come up with UF Water Purifiers that can work without electricity to sanitize tap and municipal corporation water, and make it better than boiled water without the use of chemicals.

KENT GOLD PLUS

Non-electric water purifier

Best Suited for Low TDS Water

FEATURES

- Non-chemical based water purification system
- Use of hollow fiber UF membrane reduces bacteria and cysts as well as other pathogens
- Sediment and activated carbon filters remove physical and chemical impurities from water
- Food grade plastic construction for trouble-free maintenance and long-life
- High storage capacity of 20L

Purification by:

UF

KENT GOLD

Non-electric
water purifier

Best Suited for Low TDS Water

FEATURES

- Non-chemical based water purification system
- Use of hollow fiber UF membrane reduces bacteria and cysts as well as other pathogens
- Sediment and activated carbon filters remove physical and chemical impurities from water
- Food grade plastic construction for trouble-free maintenance and long-life
- High storage capacity of 20L

Soft water for healthy bathing & washing

Hard water is an unseen challenge in many homes. The minerals present in it can affect the health of skin and hair, damage fabrics and reduce the efficiency of household appliances.

KENT Home Water Softeners are designed to address this challenge seamlessly, converting hard water into soft water that is gentler on skin, clothes and home appliances. Bringing comfort, care and protection to everyday living.

KENT AUTOMATIC WATER SOFTENER 100L

Converts hard water into soft water

Best Suited for Whole House,
Bungalows and Large Families

FEATURES

- Uses a microprocessor-controlled 5-stage automatic regeneration process
- Features an LCD panel for easy monitoring and setting adjustments
- Offers time-based regeneration settings for a continuous soft water supply
- Employs an ion-exchange process to remove calcium and magnesium
- Promotes healthy skin and hair by eliminating harsh minerals
- Increases washing efficiency while reducing detergent and water use
- Enhances water quality by replacing hard salts with sodium ions

KENT AUTOMATIC WATER SOFTENER 25L & 40L

Converts hard water into soft water

Best Suited for Whole House

FEATURES

- Automatic water softener converts hard water into soft water
- Keeps your skin and hair healthy
- Reduces the consumption of soap and shampoo
- Enjoy lather while bathing and washing clothes
- Prevents fabrics from losing their natural look and feel
- Reduces scaling & corrosion in appliances like geyser
- Increases life span of appliances
- Inbuilt microprocessor which helps in time-based regeneration process
- Fully automatic regeneration technology
- Chemical-free water softening

KENT AUTOMATIC WATER SOFTENER 8L

Converts hard water into soft water

Best Suited for Individual Bathroom
and Small Households

FEATURES

- Automatic water softener converts hard water into soft water
- Keeps your skin and hair healthy
- Reduces the consumption of soap and shampoo
- Prevents fabrics from losing their natural look and feel
- Reduces scaling & corrosion in appliances like geyser
- Increases life span of appliances
- Fully automatic regeneration technology
- Chemical free water softening

KENT BATHROOM WATER SOFTENER

Converts hard water into soft water

Best Suited for Flats and
Individual Bathroom

FEATURES

- Compact water softener, converts hard water into soft water
- Prevents hair loss and reduces itchiness & dryness of skin
- Reduces the consumption of soap and shampoo
- Keep your hair and skin healthy
- Reduces scaling & corrosion in appliances like geyser
- High-quality resin for longer life and efficient ion-exchange process
- Non-electric process with simple two-step regeneration

KENT AUTOMATIC SAND FILTER-100 L

KENT SAND FILTER

FEATURES

- Removes sand, dirt, and turbidity for clean, household-ready water
- Delivers a high flow rate of 4000 L/hr (automatic) and 3000 L/hr (non-electric)
- Equipped with an intuitive LCD panel for easy monitoring of filtration, backwashing and diagnostics
- Uses a 3-stage filtration process with fine, siliceous and gravel media
- Features a compact, floor-standing design for easy installation anywhere

Makes borewell water sand and dirt free

Best Suited for Whole House

KENT AUTOMATIC IRON REMOVAL FILTER-100L

KENT IRON REMOVAL FILTER

FEATURES

- Produces iron-free water to protect fabrics and reduce soap and shampoo consumption
- Delivers a high flow rate of 4000 L/hr (automatic) and 3000 L/hr (non-electric)
- Equipped with an intuitive LCD panel for easy monitoring of filtration, backwashing and diagnostics
- Prevents scaling, extending appliance life and reducing cooking time
- Features a compact, user-friendly design for quick and easy installation

Best Suited for Whole House

Cook pure for healthy living

Great cooking begins with ingredients that are fresh, pure and safe for the family. Yet everyday produce can carry residues of pesticides, chemicals and impurities that often go unnoticed.

The KENT Smart Kitchen Appliances range is designed to bring an added layer of purity to the kitchen. By helping clean and prepare ingredients more effectively, these appliances ensure that the food cooked at home retains its natural goodness and taste. Because when purity becomes part of the kitchen, every meal becomes healthier for the families mothers care for.

KENT ULTIMA VEGETABLE CLEANER

FEATURES

- Oxidises residual chemicals from surface of vegetables
- Works on bio-friendly ozone technology which does not use any consumables
- Counter top/ wall mountable
- Easily cleans vegetables and fruits
- Easy to clean detachable tank
- Doesn't require any service or change of part
- Sleek and modern design

KENT DIGITAL AIR FRYER OVEN 12L

FEATURES

- Digital display with touch screen control panel
- It has multiple accessories to bake, grill & roast
- 10 preset menus
- Rotisserie & dehydration function
- Drop-down window for ease of operation
- Comes with a glass window and built-in light to watch the cooking process
- 1800W

KENT DIGITAL AIR FRYER 10L

Dual basket

FEATURES

- Dual digital display with independent control for each basket
- Dual basket for cooking two dishes simultaneously
- 10 preset menus
- Sync function automatically adjusts temperature to prepare food at the same time
- Turn reminder, reminds to flip the food
- Comes with a glass window and built-in light to watch the cooking process
- 2000W

KENT DIGITAL AIR FRYER 9L

FEATURES

- Digital display with touch screen control panel
- Dual heating element at top & bottom provides uniform heating for crispier food
- 12 preset menus
- Turn reminder, reminds to flip the food
- Comes with a glass window and built-in light to watch the cooking process
- 2200W

KENT DIGITAL AIR FRYER OVEN 8.5L

FEATURES

- Digital display with touch screen control panel
- 12 Preset menus
- Electronic timer & temperature control
- Reheat & keep warm functions
- Comes with a glass window and built-in light to watch the cooking process
- 1700W

KENT DIGITAL AIR FRYER 8L

FEATURES

- Digital display with touch screen control panel
- 10 preset menus
- Pre-heat turn off reminder
- Comes with a glass window and built-in light to watch the cooking process
- 1700W

KENT DIGITAL AIR FRYER 7L

FEATURES

- Digital display with touch screen control panel
- 12 Preset menus
- Electronic timer & temperature control
- Keep warm function
- Comes with a glass window and built-in light to watch the cooking process
- 1500W

KENT DIGITAL AIR FRYER 6.5L

FEATURES

- Digital display with touch screen control panel
- 8 preset menus
- Rapid hot air technology
- Comes with a glass window and built-in light to watch the cooking process
- 1400W

KENT DIGITAL AIR FRYER 5L

FEATURES

- Digital display with touch screen control panel
- 8 preset menus
- Rapid hot air technology
- Comes with a glass window and built-in light to watch the cooking process
- 1400W

KENT DIGIPLUS AIR FRYER 4L

FEATURES

- Digital display with touch screen control panel
- 6 preset menus
- Electronic timer & temperature control
- Rapid hot air technology
- High temperature & uniform heating
- 1300W

KENT CLASSIC AIR FRYER 4L

FEATURES

- Great tasting food with up to 80% less oil
- Adjustable range of temperature is from 80°C - 200°C
- 30 minutes timer with auto cut off
- Rapid hot air technology
- 1300W

KENT SUPER STRONG GRINDER & BLENDER-1200W

FEATURES

- 30,000 RPM electronic variable speed
- Comes with a powerful 100% copper motor
- Made with high food grade quality SS jars & blades
- 3 jars – 2L BPA-free blending jar, 1L SS dry grinding jar & 0.4L SS chutney jar

KENT RAPIDMIX MIXER & GRINDER-500W

FEATURES

- 3 speed-control with pulse function
- Made with high food grade quality SS jars & blades
- 3 SS jars - 1.2L wet blending jar, 0.8L dry grinding jar & 0.4L chutney jar

KENT MAXIMA MIXER & GRINDER-750W

FEATURES

- 3 speed-control with pulse function
- Made with high food grade quality SS jars & blades
- 3 SS jars - 1.5L wet blending jar, 1L dry grinding jar & 0.4L chutney jar

KENT HAND BLENDER+CHOPPER- 450W

FEATURES

- 4-in-1: Chops, whisks, blends & purees
- Stainless steel body suitable for hot & cold blending
- Turbo switch for faster mixing
- Variable speed control
- Food grade SS 304 blade
- LED light to indicate the working mode
- Low noise DC motor
- Detachable shaft easy to assemble and clean

KENT SS HAND BLENDER-400W

FEATURES

- Stainless steel body suitable for hot & cold blending
- Variable speed control
- Food grade SS 304 blade
- Low noise DC motor
- Detachable shaft easy to assemble and clean

KENT HAND BLENDER-300W/150W

FEATURES

- Comes with 5 variable speed controls that help in mixing ingredients
- In-built overheating protection
- Equipped with 100% copper motor to ensure longevity
- Food grade plastic to maintain hygiene
- Equipped with multiple beaters & dough hooks
- Hand blender 300W comes with turbo function feature

KENT STAR INDUCTION COOKTOP-3000W

FEATURES

- Full microcrystalline glass top for safe cooking
- Feather touch buttons to make operation simple
- 6 preset menus
- Milk boiling function that prevents spilling
- 'Keep Warm' mode keeps food warm for longer duration
- Digital functions with LED display
- Overheat protection with auto-off feature

KENT SUNSTAR INFRARED COOKTOP-2000W

FEATURES

- Full microcrystalline glass top
- Digital functions with LED display
- Stainless Steel frame ensures durability
- 3 preset menus
- Tough SS handle
- Adjustable temperature knob
- Auto shut-off feature
- Grill stand to BBQ & roast

KENT POP-UP TOASTER RED-850W

FEATURES

- 7 heating modes for different browning levels
- Defrosts refrigerated bread slices
- Reheats toasts
- Allows to stop toasting anytime
- Comes with removable crumb tray
- Anti-jam function
- Cord storage under base
- Anti-slip rubber feet
- Easy to clean & use

KENT POP-UP TOASTER SILVER-750W

FEATURES

- 7 heating modes for different browning levels
- Defrosts refrigerated bread slices
- SS durable body
- Reheats toasts
- Allows to stop toasting anytime
- Comes with a removable crumb tray
- Anti-jam function
- Cord storage under base
- Anti-slip rubber feet
- Easy to clean & use

KENT ATTA MAKER & BREAD MAKER

FEATURES

- 19 programmable menus let you make more than just bread
- Makes atta dough for roti & puris hygienically & conveniently within minutes
- Makes 11 types of breads using any flour
- Add different ingredients to personalise flavour
- Apart from chapati atta, it easily prepares various dishes like breads, pizza dough, cakes, jams, yogurt, bakes, sticky rice, rice wine & desserts
- It also defrosts & stir-fries

KENT BLISS ELECTRIC KETTLE

FEATURES

- Electric kettle with a 1.5L capacity
- Cool-touch plastic exterior for safe handling
- 360° cordless rotation of kettle body for ease of use
- Grade 304 SS inner body
- Auto switch-off function
- Protection against overheating and dry-boiling
- LED light switch which indicates that the device is switched 'ON'

KENT COOL TOUCH GLASS KETTLE

FEATURES

- Electric kettle with a 1.8L capacity
- Powerful performance with 1500W
- High Borosilicate glass body for hygiene
- Cool touch outer cover, aesthetically covering the body
- Blue indicator light that indicates the device is 'ON'
- Blue ambient light inside the kettle
- 360° rotation base
- Water level indicator

KENT SANDWICH GRILL

FEATURES

- Non-toxic ceramic coating for healthy cooking
- Sandwich grill is a multi-functional grill, toaster and sandwich maker
- Ergonomic handle with lock
- Automatic temperature shut-off
- Easy to use clean and store

KENT INSTANT EGG BOILER

FEATURES

- Convenient and easy to use
- 3 different boiling modes i.e. hard, medium & soft
- Perfectly poached eggs everytime
- Stainless steel heating plate & body
- Suitable for steaming foods such as eggs
- Quick boiling with automatic turn-off
- Over-temperature protection safety functions
- Boils 7 eggs at a time
- Comes with egg poaching tray

KENT SUPER EGG BOILER

FEATURES

- Convenient and easy to use
- 3 different boiling modes i.e., hard, medium & soft
- Perfectly poached eggs everytime
- Stainless steel heating plate & body
- Suitable for steaming foods such as eggs
- Quick boiling with automatic turn-off
- Over-temperature protection safety functions
- Boils 6 eggs at a time
- Comes with egg poaching tray

KENT MULTI COOKER

FEATURES

- Makes idlis, instant noodles, momos and boils eggs
- Easy-to-use and portable
- Compact design with transparent lid
- Swivel power base
- Auto turn-off feature
- Comes with cool-touch handle to ensure safety

KENT INSTANT DRINKING WATER HEATER

FEATURES

- Instant hot water dispenser, ideal for making tea, coffee, baby formula, cup noodles, instant food, or just water at the temperature you like best
- Desired temperature selection with 6 modes from 45°C to 100°C
- Desired quantity output from 150ml to 460ml
- Digital touch screen panel for easy operation
- Large capacity 2.2L clear water tank to check the water level
- Auto safety lock for children turns on whenever the machine is not in use. Double-click to unlock

Breathe pure^{for} healthy living

The air we breathe plays a vital role in health and wellbeing. However, increasing pollution has made clean indoor air more important than ever. Research indicates that the air inside homes can sometimes contain more pollutants than the air outside, contributing to breathing difficulties and health concerns.

The KENT Home Appliance range is designed to help create a cleaner, healthier home environment. From advanced HEPA Air Purifiers that remove 99.97% of harmful particles as small as 0.3 microns, to powerful Vacuum Cleaners that help eliminate dust, allergens and hidden pollutants from living spaces.

Backed by the trusted KENT legacy, these appliances work together to help ensure families breathe cleaner air and live healthier lives.

KENT ALPS⁺UV AIR PURIFIER

FEATURES

- Real time monitoring & display of PM 2.5
- HEPA dust collection technology
- UV LED light kills bacteria & viruses
- High CADR of 400 m³/hr
- Activated carbon filter removes odour, formaldehyde etc
- Intelligent air quality monitoring
- Filter change indicator
- Suitable for a room of up to 430 sq.ft.

KENT AURA AIR PURIFIER

FEATURES

- HEPA dust collection technology
- High-efficiency removal of PM 2.5-particulate matter
- Activated carbon filter removes odour, formaldehyde etc
- Improves air freshness with inbuilt Ionizer
- Intelligent air quality monitoring.
- Filter change indicator
- Suitable for a room of up to 270 sq.ft.
- Child lock technology

KENT DEW HUMIDIFIER

FEATURES

- Ultrasonic humidifier which enhances humidity
- Keeps the room cool in summers
- Eliminates dryness caused by ACs & room heaters
- Ultrasonic mist makes no water droplets
- UV LED light kills bacteria & viruses
- 4L large capacity of water tank which works for 35 hrs

KENT ROBOKLEAN R1 VACUUM CLEANER

AI POWERED CLEANING WITH HANDS-FREE OPERATION

FEATURES

- Advanced LDS navigation
- Long-lasting battery or extended runtime
- Self-charging
- Scheduled cleaning
- Reactive AI obstacle recognition
- Ultra strong suction power
- Smart app & voice control

KENT ZOOM TURBO VACUUM CLEANER

FEATURES

- Multifunctional vacuum cleaner cleans floors, curtains, carpets, etc.
- Digital control panel with touch function display
- BLDC motor ensures low-noise operation
- More hygienic cleaning than sweeping
- Cordless vacuum cleaner ensures convenient & fast operation
- Bag-less design with efficient filter to reduces air pollution
- Lightweight ABS body & easy to handle
- 500W

KENT ZOOM PLUS VACUUM CLEANER

FEATURES

- Cordless, hoseless & rechargeable vacuum cleaner
- Multifunctional vacuum which cleans floor, curtains & carpets
- More hygienic cleaning than sweeping
- Convenient & fast operation with bag-less design
- Lightweight ABS body & easy to handle
- 150W

KENT DUSTER HAND-HELD VACUUM CLEANER

FEATURES

- Handheld & easy to maneuver
- High-efficiency motor with strong suction force for efficient cleaning
- Multifunctional vacuum which cleans floor, curtains, carpets, etc.
- More hygienic cleaning than sweeping
- Reduces air pollution due to lower dust discharge
- Lightweight ABS body
- Bag-less design
- Low noise
- 600W

KENT DASH VACUUM CLEANER

FEATURES

- Multifunctional Vacuum Cleaner that cleans floor, curtains, carpet etc.
- Cyclonic technology with HEPA filter reduces air pollution
- High efficiency motor with strong suction force for efficient cleaning
- Bag-less design with efficient filter to reduces air pollution
- Lightweight & easy to handle with rubberised wheels
- 600W

KENT SWIFT HANDHELD GARMENT STEAMER

FEATURES

- Vertical steam ideal for delicate fabrics like sarees, shawls & gents suits
- 20 g/min output of continuous steam
- Ceramic-coated steam plate
- 30 minutes of continuous steam
- Large water tank capacity of 260 ml
- LED indicator
- Lightweight and compact design
