INTRODUCTION

We, at KENT, have always believed that a clean and healthy life is the right of every individual. This ethos is what made us embark on the journey to develop innovative solutions for purifying the water that we drink, the vegetables and fruits that we eat, the homes that we live in and air that we breathe.

Use of innovative technology and the support of a competent service network, have enabled us to create a brand which has become synonymous to well-being. Continuing with the tradition, we now present the **KENT Digital Power Blender & Grinder**, a new age high speed blender that will work like magic for your kitchen.

KENT Digital Power Blender & Grinder is not your ordinary kitchen appliance. In fact, it's a power house and time saving appliance. Unlike bulky blenders and unwieldy food processors that most of us only pull out of storage for specific recipes and special occasions, KENT Digital Power Blender & Grinder is so versatile and easy to use that you'll put it to work every single day, for preparing every single meal.

With this appliance you can make juice, smoothies, dosa batter, and even explore other recipes without any trouble.

Best of all, it saves your time as it does almost any job in the kitchen in a matter of minutes!

FEATURES OF KENT DIGITAL POWER BLENDER & GRINDER

- 4 preset functions to grind, prepare smoothies and juices
- High speed operation – runs at 28000 rpm for effortless grinding and blending
- Preset menu options with delay time start for extra convenience
- Multi speed operation with feather touch control
- Preparing dosa-batter using conventional mixers is time consuming, KENT Digital Power Blender & Grinder does it in a few minutes
- High speed rotation crushes ice in a matter of seconds for delicious milk shakes, smoothies or cold drinks
- Single jar for wet & dry grinding
- Protection from overheating and overcurrent
- ABS material body with stainless steel cladding
- Blades made of high grade carbon stainless steel for high durability
- 2 L jar capacity

HOW TO OPERATE

1. Clean the parts before using
2. Add ingredients in the jar
3. Close with lid and mount it on the main unit
4. Switch 'ON'
5. In a few minutes, the preparation would be ready

RECIPES & TIPS

Dosa Batter

Ingredients:

1. Whole skinned urad dal : 1 Cup
2. Rice: 2 cups
3. Salt: As required
4. Water: As required

Method:

1. Mix dal and rice and let it soak in water overnight.
2. Add soaked dal, rice and water in the jar and grind it to a right consistency.
3. Pour the batter in a large bowl. Mix salt and let it ferment for 5-6 hours.
4. Once the batter is ready, make delicious dosas.

Besan Batter

Ingredients:

1. Overnight soaked chickpeas: 2 Cups
2. Water: As required

Method:

1. Put the chickpeas and required amount of water into the blender and grind for 2 minutes or as required.
2. Fresh besan batter will be ready for recipes like chillas, pakoras or dhoklas.

Smoothie

Ingredients:

1. Fruits of your choice: 2 Cup chopped
2. Water or Milk: 1 Cup
3. Ice cubes : 1 Cup

Method:

1. Add the chopped fruits, water or milk and ice in the jar
2. Secure the lid firmly and press the 'Smoothie' button
3. Press start and the smoothie would be ready in few seconds

CLEANING & MAINTENANCE

- Switch off and unplug the appliance before cleaning it.
- Remove the lid and clean the jar with a solution of lukewarm water & soap. Use a cleaning brush; never use scouring pads to clean it.
- Wipe the main unit with a moist cloth and non-abrasive liquid cleaner.
- Do not immerse the appliance in water or any other liquid.
- Never put any part of the appliance in the dishwasher.
- After cleaning it thoroughly, dry it using a soft cloth.
- Ensure that the appliance is completely dry before storing it.

Note: Never immerse the motor unit of the blender in water, nor rinse it under a tap. Wipe it with a dry cloth.

PRECAUTIONS

- Do not disassemble, repair or alter the machine on your own. It may cause appliance failure or breakdown.
- The input voltage must not exceed the rating; it might damage the appliance.
- Unplug before cleaning/moving the appliance.
- Do not use the appliance with a damaged power cord or plug.
- Please do not use the appliance near heater.
- If the appliance is not in use for a longer time, unplug it.
- Do not use the appliance when it is in a recumbent or inclined position.

IMPORTANT SAFETY INSTRUCTIONS

When using an electrical appliance, basic precautions should always be followed, including the following:

1. Unplug, when not in use and before servicing.
2. To reduce the risk of electric shock, do not use near or on wet surfaces.
3. Use the appliance only as described in the manual.
4. Do not use the appliance if cord or plug is damaged or worn out. Replace the damaged cord or plug immediately.
5. Do not try to service the appliance on your own. Send it to an authorized service center only.
6. Keep the cord away from heated surfaces.
7. Do not unplug the appliance by pulling the cord. Always unplug by pulling the plug and not the cord.
8. To avoid electric shocks, do not use the appliance with wet hands.
9. Keep hair, loose clothing, fingers and all parts of body away from moving parts.
10. Turn all controls off before unplugging.
11. This appliance is suitable for Indoor use only.
12. Keep away from children.

TROUBLESHOOTING

PROBLEM	POSSIBLE CAUSE	POSSIBLE SOLUTION
The appliance does not start.	There is a connection problem.	Check if the appliance is connected to the mains and if the plug is inserted firmly into the wall socket.
