RAHO HEALTHY

Need for a Vegetable, Fruit & Meat purifier

Vegetables, Fruits and Meat come to us after being sprayed with insecticides, pesticides and other harmful chemicals. Merely rinsing them with tap water does not wash away the residual traces of chemicals, thus exposing us to the adverse effects.

The power of KENT Ozone technology

KENT Vegetable Purifier uses Ozone technology which is exceptionally powerful in killing bacteria, viruses, fungi and other pathogens, and in reducing the levels of chemicals. It also sterilises Vegetables, Fruits and Meat, making them totally clean.

How to use

Simply put vegetables, fruits or meat in a bowl filled with water and submerge the Ozone tube into the bowl. Set the automatic timer to 15 or 30 minutes as per requirement and see the purifier in action. After Ozonisation, rinse Vegetables and Fruits with clean water.

No maintenance cost as KENT Vegetable Purifier does not have any consumable parts.

Technical Specifications

Model	KENT Vegetable Purifier (Wall Mounted)	KENT Vegetable Purifier (Counter Top)
Model No.	11031	11022
Voltage	230V AC, 50-60 Hz ☐	230V AC, 50-60 Hz ☐
Rated Power Dissipation	13W	13W
Time Setting	15 min/ 30 min.	15 min/ 30 min.
Ozone Output	200mg/h	200mg/h
Product Size	L 200 X W 115 X H 280 mm	L 260 X W 145 X H 150 mm
Weight	1650 g	1723 g
Noise	≤ 45dB (A)	≤ 45dB (A)
Output Pressure	≥ 0.15kg/ cm ²	≥ 0.15kg/ cm ²
Condition Temperature	0° C - 40° C	0° C - 40° C
