&
make it pollution free.**

KENT *Magic*
HEPA CAR AIR PURIFIER
Suitable For Car Cabin

Increasing Air Pollution in India

Over the years, the air quality in India has deteriorated. 13 Indian cities have been included in the list of world's top 20 most polluted cities (list compiled by WHO). If reports are to be believed, living in most of the Indian cities is like living in a gas chamber. The high concentration of air pollutants has an adverse effect on our health and inhaling these pollutants leads to major complications like asthma, bronchitis and other respiratory diseases.

The air inside car's cabin can be 5 to 6 times more polluted than the outside air due to the closed environment in the car cabin. A 30 minute exposure to this polluted air can have serious health ramifications. An individual who travels in car on daily basis needs protection against this profound threat.

Introducing KENT Magic Car Air Purifier, for Pure & Healthy air inside your car.

KENT MAGIC-HEPA CAR AIR PURIFIER, with its unique 3-stage filtration process removes up-to 99% of air pollutants (particulate matter) inside a car's cabin, keeping you and your family in good health.

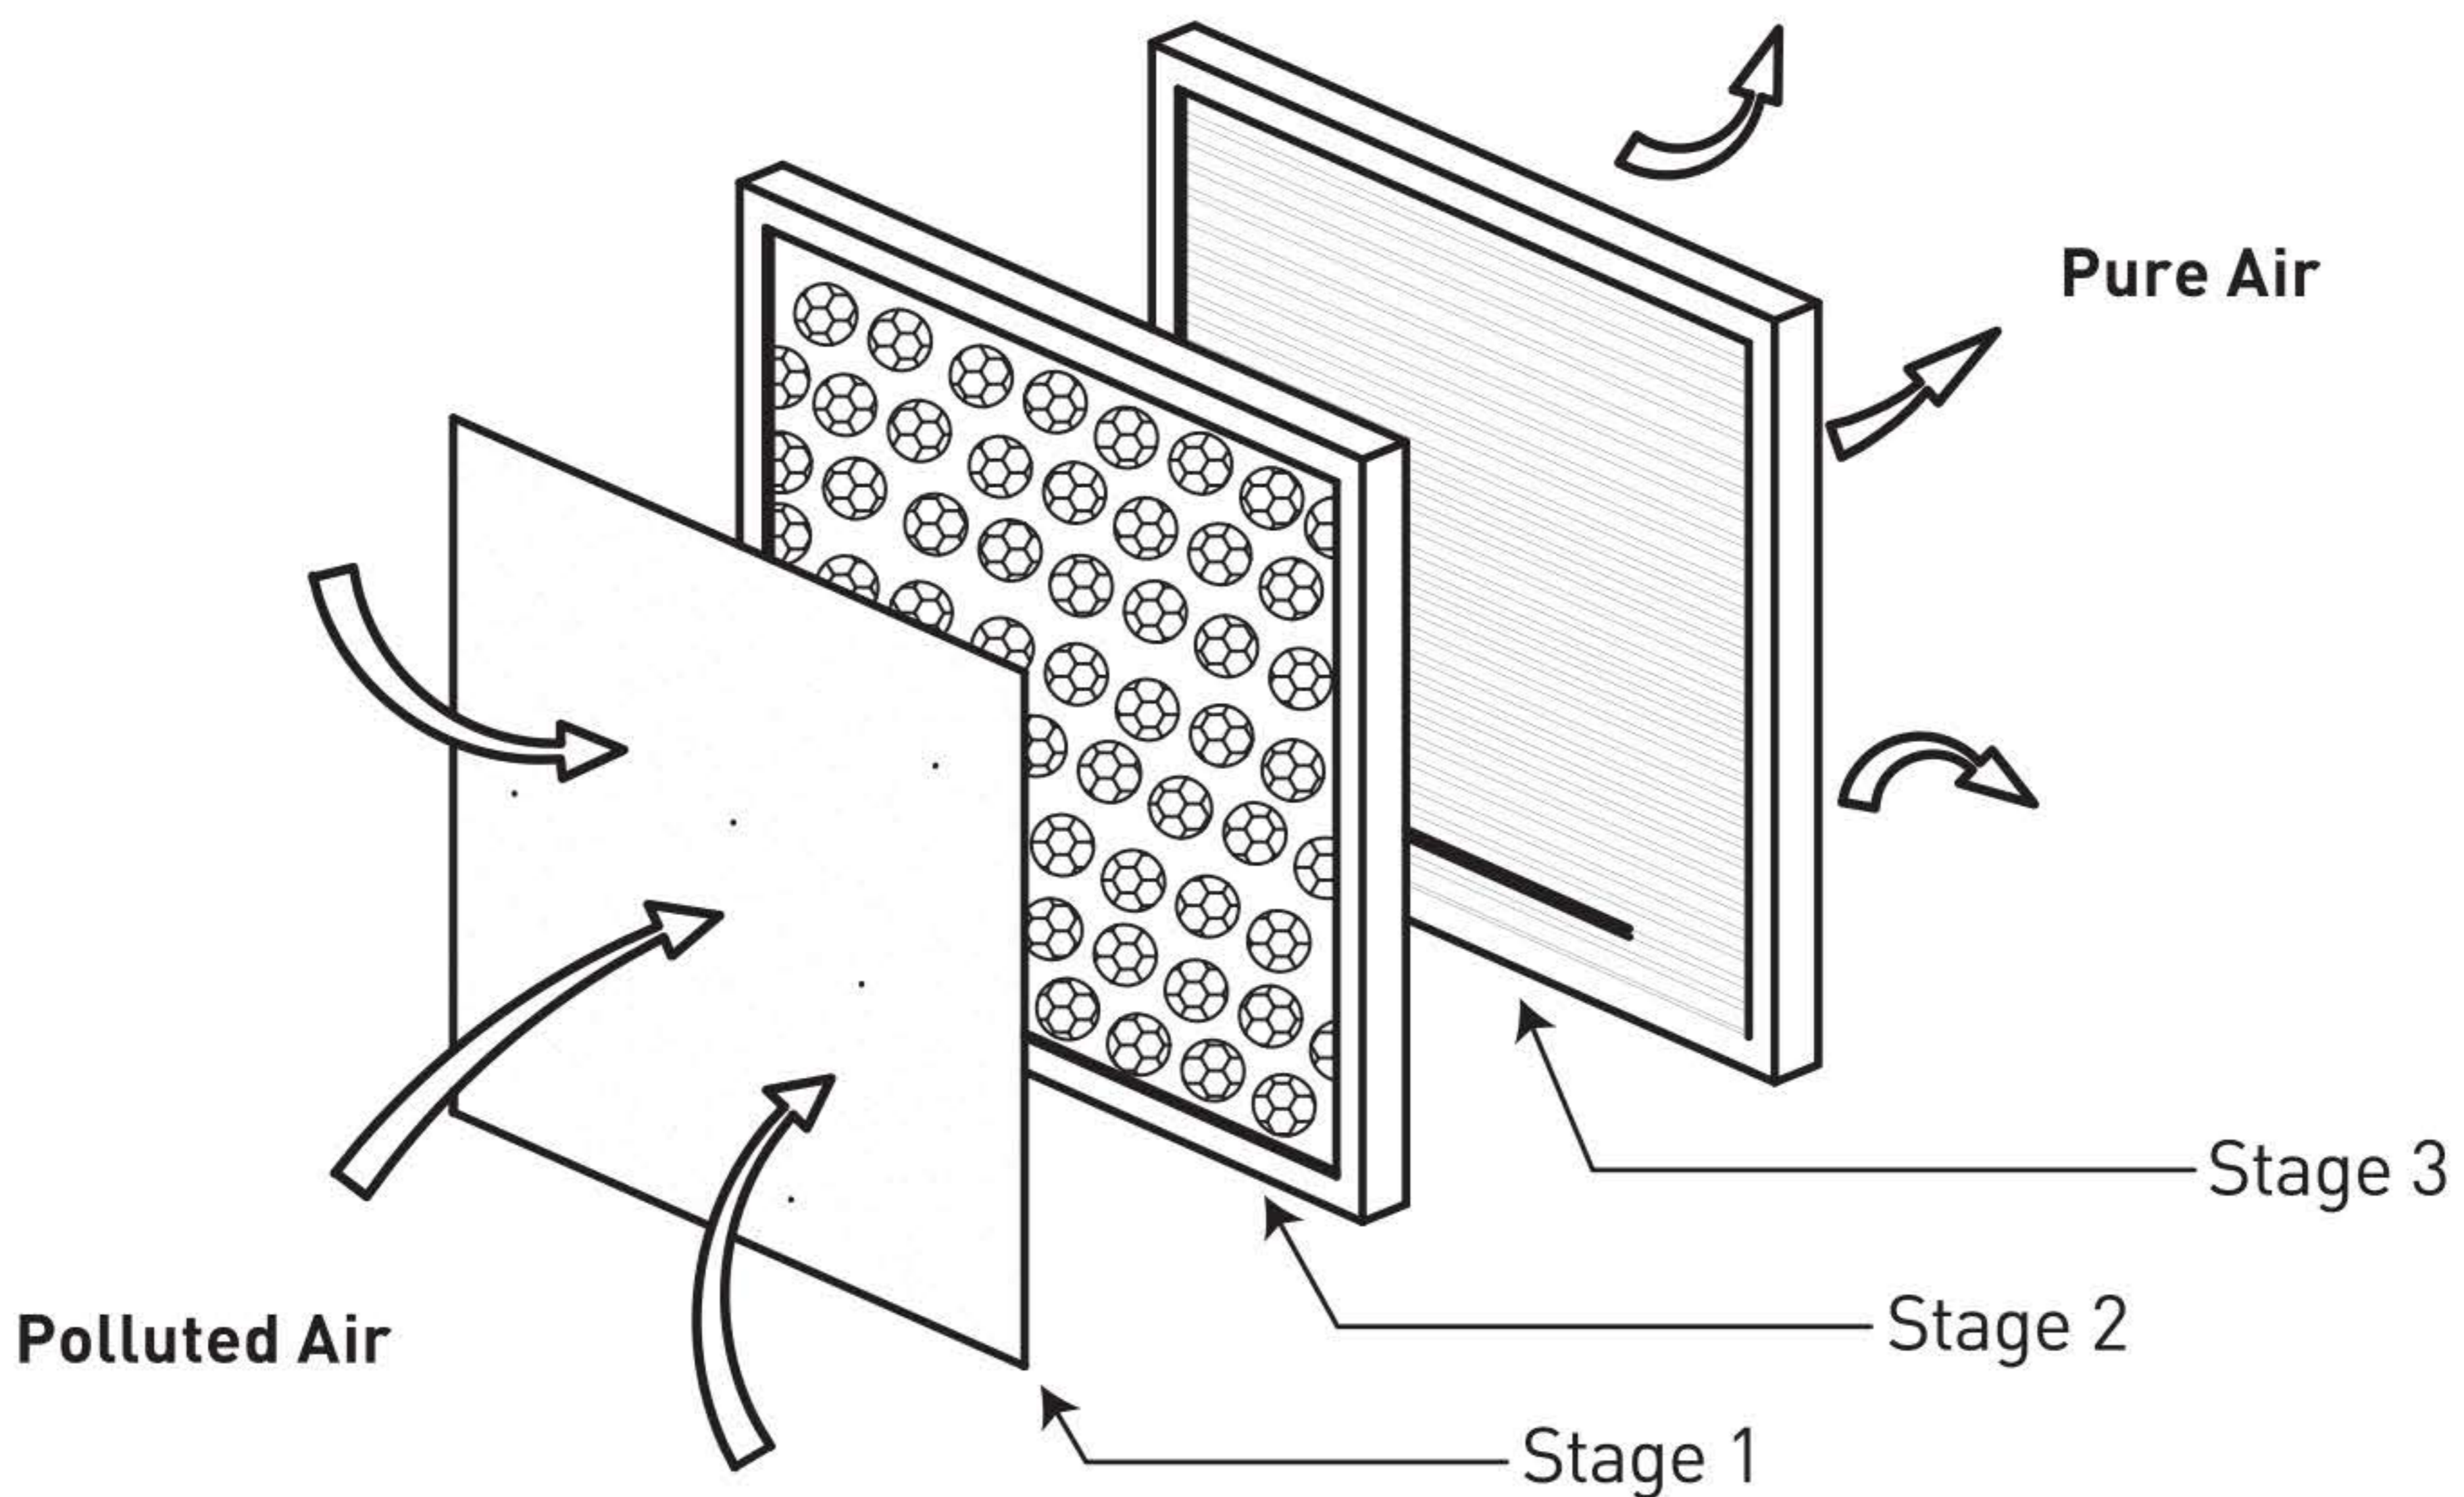

Features

- HEPA (High Efficiency Particulate Arrestor) dust collection technology
- High-efficiency removal of particulate matter PM 2.5
- Removes up to 99% of fine particles & toxic gases
- Carbon filter neutralizes unpleasant odors
- Noiseless operation
- Highly efficient and better than ionizer based purifiers
- Easy operation
- Operates from 12 V car charger socket

Filtration Process

KENT Magic HEPA Car Air Purifier cleans and purifies air with its unique 3 stage filtration process.

- 1. Pre filter:** Acting as a first line of defense, the Pre Filter catches bigger and visible particles like human and pet hair, large dust particles, etc.
- 2. Activated carbon filter:** The carbon filter removes chemical pollutants like smoke, odour, formaldehyde, benzene and other volatile organic compounds (VOC's).
- 3. HEPA filter:** HEPA filter catches and particulate matter that is larger than 0.3 micron in size.

Technical Specifications

Model Name	KENT Magic HEPA Car Air Purifier
Net Weight	0.45 kg
Input Power Supply	12 V, DC.
Product dimension (mm)	161 L X 161 W X 64 H
Noise (dB)	35 dB (A)
CADR (Clean air delivery rate)	15 to 25 m ³ /hr
Power cord length	2.5 m
Total Power Consumption	3.6 W

Other Health Care Products

KENT HEPA ROOM AIR PURIFIER

- HEPA (High Efficiency Particulate Arrestor) dust collection technology from Japan
- HEPA filter with antibacterial coating
- High-efficiency removal of PM 2.5 particulate matter
- Suitable for a room area of up to 270 sq ft
- Specially treated carbon filter removes odour
- Improves air freshness with in-built ionizer

KENT MINERAL RO™ WATER PURIFIER

- Double purification by RO + UF/UV
- Inbuilt TDS controller that allows adjustment of TDS level of purified water
- Suitable for purification of all type of water
- Computer controlled operations for enhanced purity and long life
- UV fail alarm to indicate failure in UV system
- High purification capacity of 15 L/hr

KENT VEGETABLE CLEANER

- Removes insecticides, pesticides and farm chemicals from fruits, vegetables and meat
- Based on ozone disinfection technology that kills bacteria, viruses, fungi and other pathogens
- Effectively oxidizes residual chemicals from the surface of meat, vegetables and fruits

KENT BED VACUUM CLEANER

- Bed vacuum cleaner, an Ideal tool for cleaning flat surfaces such as sheets, mattresses, pillows, quilts etc
- High efficiency motor with strong suction force for efficient cleaning
- Vacuum cleaner with UV disinfection light eliminates bacteria, virus and molds from beds and upholstery
