## INTRODUCTION

We, at KENT have always believed that a clean and healthy life is the right of every individual. This conviction is what made us embark on the journey to develop innovative solutions for purifying the water that we drink, vegetables and fruits that we eat, the homes we live in and the air that we breathe.

Our use of innovative technology, supported by a competent service network, has enabled us to create a brand, which has become synonymous to well-being. Continuing with the tradition, we now present the all new KENT Glory Stainless Steel Electric Kettle, a modern day appliance for boiling water.

The KENT Electric Kettle Glory is perfect in every way. From its stylish finish to superior performance, it is designed keeping your taste and convenience in mind. Built to boil water quickly, it can take on a capacity of 1.8 litres. Its 360° cordless rotation makes it easy to use and the wide mouth design makes it easy to clean. That apart, it has a cool-touch handle and an automatic switch off operation. Thus making it the safest and the smartest choice for your kitchen.

## KNOW YOUR PRODUCT

## USING KENT GLORY

- Remove any stickers that might prevent from operating the unit.
- Check the unit for damages. Do not use in case of any damage.
- Before switching on the appliance, make sure that your home's main voltage corresponds to the unit's operating voltage.
- Clean the parts of KENT Glory before using the appliance for the first time (see 'Cleaning & Maintenance' section).
- Make sure all parts are completely dry before you start using the appliance.
- Fill the kettle with normal water to the maximum fill mark. Do not overfill.
- Close the lid, place the kettle over the power base and switch it on.

## PROCEDURE FOR USING KENT GLORY

- Fill the kettle with normal water to the desired level and close the lid. Do not overfill. To prevent dry boiling, please fill at least 250 ml or one cup.
- Place the kettle on the power base.
- Plug in and switch on the kettle.
- The LED will light up.
- The water will start boiling in some time. Do not open the lid while water is boiling.
- Once the water has boiled, the kettle will automatically switch off.
- If boiled water is not required immediately, you may leave the kettle on the base and bring it to boil again later.
- Always ensure to turn off the kettle before lifting the kettle.

## CLEANING & MAINTENANCE

- Unplug the kettle before cleaning it.
- Gently wipe the exterior with a moist cloth and store dry.
- If required, use a mild detergent to remove stains.
- Do not use any abrasive or solvent based cleaner.
- Never put any part of the appliance in the dishwasher.
- Do not immerse the appliance & power base in water or any other liquid.
