INTRODUCTION

We, at KENT, have always believed that a clean and healthy life is the right of every individual. This ethos is what made us embark on the journey to develop innovative solutions for purifying the water that we drink, vegetables and fruits that we eat, the homes we live in and the air that we breathe.

Our use of innovative technology, supported by a competent service network, has enabled us to create a brand, which has become synonymous to well-being. Continuing with the tradition, we now introduce the KENT Bliss Electric Kettle, your go-to appliance for fast, efficient boiling. Whether you're making tea, coffee, or preparing hot water for cooking, this kettle ensures rapid results, boiling water in just 5 minutes. Its double-layer, safe-touch design and overheat protection provide peace of mind, while the rust-resistant, food-grade stainless steel inner body ensures long-lasting durability. Stylish and practical, the KENT Bliss Electric Kettle is a must-have for every kitchen.

USING KENT BLISS ELECTRIC KETTLE

- When using it for the first time, fill the kettle with clean water at minimum level capacity, switch on until the water boils, then empty the kettle and refrain from the operation until there is no smell.
- Maintain the content of water in the kettle at 0.5L to avoid the possibility of the kettle getting empty during boiling, and to avoid the unit from being damaged.
- Put the power base evenly on a plain surface and dry place.
- Fit the kettle onto the power base, press the ON button then the appliance will start, and the indicator on the handle will illuminate.

Note: Children should be closely supervised when using the appliance unit.

CLEANING & MAINTENANCE

- When cleaning, use a soft wet cloth or sponge to wipe the surface of the kettle, in case of a dirty spot you can clean it by a cloth with neutral detergent, but never use any rubbing compound or powdered cleanser which is rough to the unit.
- Depending on the different water quality and how often you use it, this kettle may cause some calcium oxide forming after many times of use which can often be found on the heating tube and thus reduce heating capacity, this calcium oxide forming is not harmful to your health, but water boiling inside may cause a strange smell, so you need to get rid of this kind of formed element from time to time at least 2 times every year with the following step:
 1. Fill the kettle with a mixture of vinegar and water, up to maximum level, and on the kettle until the liquid is boiled.
 2. Keep the boiled mixed liquid inside the kettle for one night.
 3. Pour out the mixed liquid on the following morning.
 4. Fill the kettle with water till it reaches the maximum level, turn on the appliance and wait for the water to boil.
 5. Pour out the boiled water to get rid of the formed elements and vinegar completely.
 6. Clean the kettle inside with clean water.

SAFETY & PRECAUTION

1. Read completely the contents of this instruction manual, even when you are very familiar with this kind of appliance.
2. Make sure your electrical power supply is the same as specified on the appliance.
3. When filling with water, cleaning the kettle or when not in use, always turn off the power and unplug from the power supply.
4. Don't use this appliance or put any of its parts at places that are close to any source of heat, which may cause deformation and ruin the unit.
5. Don't drag or pull the power cords to avoid damage.
6. To prevent the possibility of hot steam damaging or hurting anybody, move the direction of the kettle spout away from the wall or furniture surface.

TERMS & CONDITIONS OF WARRANTY

KENT warrants all products manufactured or sold by it to be free from defects in material and workmanship under normal usage and services from the date of purchase as under:

1. The Warranty period commences from the Date of Purchase by the first end-user. During this Warranty period of one year, KENT or its Authorised Service Partner (ASP) will replace or repair any part of the product that in opinion of KENT or its ASP, would be defective in operation due to faulty material or workmanship (i.e. manufacturing defects).
2. The product's plastic/glass body is not covered under warranty and hence, it must be handled with care to guard against breakage.
3. The original purchaser of the unit can avail services under Warranty at the point of sale, by producing the damaged part(s) along with the original invoice.
4. This Warranty is void if the unit is not operated under normal conditions defined in the manual.
5. Product returned to KENT or its ASP for Warranty examination must be shipped freight prepaid.
6. KENT or its ASP shall not be held liable for claims exceeding the cost of repair of the defects in workmanship.
7. This Warranty Agreement shall not be interpreted to render KENT or its ASP liable for injuries or damages of any kind-direct, consequential or contingent to persons or property.
8. KENT or its ASP shall not be held responsible by representative or buyer for failure to abide by any of the obligations of this Warranty Agreement if such failures are the result of circumstances of Forces Majeures : such as, but not limited to, floods, earthquakes, transportation strikes, labour

disputes with outside suppliers or any other conditions beyond the control of KENT or its ASP.

9. KENT or its ASP shall not be held liable for repair or alterations made without prior written approval.
10. This Warranty Agreement excludes all products / component parts or damage to any part which, in the opinion of KENT or its ASP, have been subjected to misuse; misapplication; negligence; alteration; accident or operation contrary to our instructions. Damage caused by freezing, flood, fire or Act of God is not covered by this Warranty. In all such cases regular charges will apply. This limited Warranty does not include service to diagnose a claimed malfunction in this unit.
11. KENT reserves the right to alter or improve design and specifications at any time, without any contingent obligations to prospective buyers or owners of the products previously sold.
12. Any disagreements and obligations based upon the purchase of KENT products and thereby imposed on KENT or its ASP shall be governed by and construed according to the laws of INDIA and subjects to the jurisdiction of Delhi Courts only.
13. KENT or its ASP assumes no Warranty liability in connection with this product other than that specified herein. This Warranty is in lieu of all other warranties, expressed or implied, including warranties of fitness for a particular purpose. KENT or its ASP does not authorize any person or representative to assume for them any other obligations on the sale of this product.
14. Under no circumstances, the liability of KENT or its ASP shall exceed the value of the product.
15. Under no circumstances are the terms mentioned above negotiable and no employee of KENT or its ASP has the authority to supersede them.
